RE: MY THANKS FOR YOUR CARE AND HOSPITALITY.

Respected Sir,

This letter reaches you with thanks from all of us. Our trek would've known no start or end if not for you and your family.

Safari Land is situated at the heart of Mudhumalai, which makes it a place perfect for relaxing and just a wonderful place to be around. It shelters a variety of plants, animals, birds, trees and insects, it is a perfect destination for a keen observer of nature. The scenery around was a place people only have dreamed of, the beautiful mountains surrounded by clouds and the mist cover.

The food was in a word - awesome! Everyone had enough to eat and more. No one could've resisted a thing of what was served.

The trek you took us on was amazing. We travelled through the forests, learnt many things which we miss in our daily life as well as those we couldn't have in any other place. We were very touched by the way of you taught us things and your method of explanation. You caught everyone's attention easily. We learnt a lot from your knowledge of "wildlife" and about the salt licks and how each animal moved about. We also learned from you how the bear destroys an ant hill to find the ant queen which is a delicacy. We will remember the things we learnt for life and not just now.

Our Safari at Theppakadu through the forests during which we saw many animals, was a great thriller.

Now to think back, it is very depressing that what we want happening more often happens very rarely. Every moment we spent there was something memorable.

Just wanted to thank you once again for your care and hospitality and the pains taken to give us the best you could. We are longing for the next chance to visit "Safari Land" with friends and family.

Thanking You.

Yours Sincerely,

(Jeff P. George).
